## ADA, NJDA & MCDS Dues Breakdown for 2006

### A.

1. 1<sup>st</sup> Year Out of Dental School – **Technically 1 ½ Years**

remainder of the year of graduation ~ 6 months

and the full following year (12 months)

ADA dues = \$0 + NJDA dues = \$0 + MCDS = \$0 = **TOTAL DUES of \$ 0**

2. 2<sup>nd</sup> Year Out of Dental School

ADA dues = \$117 + NJDA dues = \$250 + MCDS = \$50 = **TOTAL DUES of \$ 417**

3. 3<sup>rd</sup> Year Out of Dental School

ADA dues = \$233 + NJDA dues = \$375 + MCDS = \$100 = **TOTAL DUES of \$ 708**

4. 4<sup>th</sup> Year Out of Dental School and Thereafter = Active Member

ADA dues = \$465 + NJDA dues = \$500 + MCDS = \$150 = **TOTAL DUES of \$ 1115**

#### Graduate Student/Resident

ADA dues = \$30 + NJDA dues = \$10 + MCDS = \$0 = **TOTAL DUES of \$ 40**

Please note that the “Graduate Student/Resident Year” does not count as the first year out of dental school; as long as continuous membership is maintained and the residency occurred immediately following dental school. Thus after finishing a residency, a member will be considered in their first year out of dental school and the **\$ 0 rate** will apply as if they had just graduated dental school.

### B.

- 1<sup>st</sup> Time Member after July 1<sup>st</sup> and Is Not A New Graduate of Dental School

(thus not eligible for \$0 dues) Fee structure is 50% of Full Dues

ADA dues = \$233 + NJDA dues = \$250 + MCDS = \$75 = **TOTAL DUES of \$ 558**

(for the remainder of the year, the following year will be at full active dues)

### C.

- 1<sup>st</sup> Time Member after October 1 and Is Not A New Graduate of Dental School

(thus not eligible for \$0 dues)

ADA dues = \$0 + NJDA dues = \$0 + MCDS = \$0 = **TOTAL DUES of \$ 0**

(for the remainder of the year, the following year will be at full active dues)
