*Presidents' Messages ... Stephen Lawson*

The New Jersey Dental Association State Officers and Executive Director visited the January MCDS dinner meeting. The NJDA President, Dr. August Pellegrini, summarized 5 important issues affecting our profession and public health. First, Dr. Pellegrini met with Commissioner Fred Jacobs of the NJ Department of Health. Mr. Jacobs supports water fluoridation and suggests pursuing the issue following a study by the National Academy of Science on the safety and efficacy of water fluoridation. Secondly, the ADA and NJDA continue to recommend "Best Management Practices" for the recovery, recycling and handling of waste amalgam. The NJDA Board of Trustees hired an outside lobbying firm to assist NJDA with this issue. Thirdly, Dr. Pellegrini reported that NJDA now has the largest total membership in history and a net increase in membership for the last 6 years. Fourth, an amendment to the indenture of trust will be voted on in June. This will allow for NJDA to donate \$20,000 to the Hurricane Relief Fund. Lastly, Dr. Pellegrini urged MCDS members to participate with the Silent Auction held at the Annual Convention in Atlantic City. Last year, the Silent Auction raised over \$13,000 for the Special Olympics.

**GENERAL MEETING – Tuesday, March 21, 2006**

**THE PINES** Route 27 • Edison, NJ

Registration .....	6:00
Business Meeting .....	6:30
Dinner & Speaker .....	7:00

**Featured Speaker: Dr. Gerald Greitzer**  
**"Adhesive Dentistry"**

Dr. Greitzer maintains a full-time restorative and cosmetic private practice in Tarrytown, New York. He is also involved in conducting extensive independent research in the field of adhesives and composite restorations. He is a member of numerous academics, associations, and study groups relating to advancements in dentistry. To name a few – International Association for Dental Research; Westchester Academy of Restorative Dentistry; International Congress of Oral Implantology; International Academy of Oral Medicine and Toxicology, World Congress of Minimally Invasive Dentistry, CRA evaluator; as well as several others. Dr. Greitzer has lectured internationally on Cosmetic, Restorative, and Adhesive dentistry and considers himself a true "Bondodontist." He's here today to pass along information on those techniques and materials that have revolutionized his practice. This course will present the benefits to both the patient and doctor with the use of modern adhesive restorative techniques in conjunction with conservative kinetic micro-dentistry. Topics to be discussed include: Indications for flowable, packable, "light cured" and "self cured" composites; comparison and uses of various brands of composites and adhesives; creation of ideal cosmetic –posterior composites and super sealants; eliminate sensitivity, reduce wear, and create perfect contacts; answers to questions about desirability and methods of use of polymerization systems - LEDs, halogen, PAC lights, lasers; indications for direct and laboratory fabricated cosmetic restorations; the Amalgam Controversy-Fact or Fiction; additional uses for particle abrasion-both intraoral and extraoral; and how to increase referrals and income while reducing stress.

## MCDS Board of Trustees Report

- February 14, 2006 -

**Attendance:** Ashmen, Brunsdn, Courey, Galkin, Glickman, Kahn, Krantz, Lawson, Schambra, Silverstein, Simos, Villa, Vitale, Weiner

**Acceptance of Minutes**-vote unanimous.

**President's Report**-Stephen Lawson

I received a letter from Arthur Meisel, NJDA Executive Director, regarding the Sy Symanski Lifetime Achievement Award. A candidate should have achieved life membership and demonstrated outstanding service to the Association, to the profession, and to the community. A letter was sent to Mr. Meisel recommending Dr. Harmon Katz as a worthy recipient of this award. The award is presented during the House meeting at the Annual Session.

The slate of candidates for the MCDS Officers for 2006-07 will be presented at the February General Membership Meeting. The Society's election will also be held at the February General Membership Meeting.

I want to congratulate the new ADA Life Members, Dr. Robert Benzell, Dr. Mervin Kroop, Dr. John Petrocelli and Dr. Gene Harnick. MCDS thanks these members and their families for attending the January General Membership Meeting.

I will be attending the Membership Committee Meeting on February 22, 2006.

**Secretary's Report**-Mark Vitale

Nominations for Council and Committee positions were published, reviewed, approved and will be submitted to NJDA.

**Treasurer's Report**-James Courey

See full report on page 3.

**Program Chairperson's Report**-Scott Galkin

Due to unforeseen circumstances Dr. John Molinari could not speak as scheduled in February. Thus we have gotten Dr. Michael Dzitser to agree to speak on "Esthetics and Function of Anterior Restorative Dentistry." Since Dr. Molinari was the Sy Symanski Memorial Lecturer, we have asked Dr. Michael Glick to have this honor and he has accepted. Dr. Glick will be speaking on Tuesday April 18, 2006. So far we have 95 people registered for the April full day course featuring Dr. David Garber; this will be held on Wednesday April 19, 2006. Staff night which will be Tuesday May 16, 2006, will have a Hawaiian theme and will feature prizes and dancing, with a D.J providing music all night.

**NJDA Trustee's Report**-Richard Kahn

See full report on page 5 under NJDA Noteworthy News.

**NJDA Council Reports:**

**Dental Benefits**-Mark Vitale

See full report on page 3.

**Membership**-Scott Galkin

The membership council met in January and NJDA is asking all components to allow the state to approve dues waivers for now on. The NJDA has felt that leaving it on a component level has led to "unfair" waiver decisions. Whereas one component would approve a dues waiver, while another would deny it under similar circumstances. This concept was approved by the Middlesex Board of Trustees and the decision will be forwarded to the NJDA. Our Middlesex membership subcommittee met a few weeks ago and we have some preliminary ideas to help promote membership. Included in them are personal contact from current board members inviting new members to our meetings and acting as a "big brother/sister" to help the new member feel more comfortable. Also we are looking into making small study clubs/courses that would appeal more to younger members. These would have topics that would cover subject matters that younger members have voiced as lacking.

**Old Business**

Dr. Vitale reported that Jim Schultz, Director of Governmental affairs for NJDA, notified him that MCDS could contribute up to \$7200 annually provided that the

President-Elect Dr. Robert Shekitka informed us that NJDPAC is the second largest healthcare PAC in New Jersey and NJDA wants to increase the number of NJDPAC members from 25% to 43% of NJDA membership. Dr Shekitka reported that the State Board of Dentistry approved up to 3 CE credits for dentists who participate in the Donated Dental Services program. He also urged dentists and their staff to attend the Annual Convention in June. Team building sessions and staff CE will be offered.

Executive Director Art Meisel first enthusiastically informed us that NJDA had 6 consecutive years of a net increase in total membership. NJDA had the third largest increase in membership of any constituent society in the ADA (trailing only Arizona and California). Secondly, Mr. Meisel reported that former Governor Codey signed the Safety Needle Bill, which exempts dentists from having to use safety needles in hospital settings for intraoral purposes. This shows the enormous influence that NJDA has with the state government and the State Board of Dentistry. Lastly, NJDA provides legal advice at no cost to all NJDA members. Art Meisel and Patricia DeCotiis can provide assistance with complaints from the New Jersey State Board of Dentistry, employment issues, state and federal regulatory issues, disputes with insurance companies and many other areas.

The Council on Nominations held a meeting on January 25, 2006. MCDS has 2 members who will be NJDA Officers for 2006-07. Dr. Daniel Krantz will be the NJDA Vice President and Dr. Richard Kahn will be the NJDA Treasurer. MCDS congratulates Drs. Krantz and Kahn. Finally, the MCDS full day CE course is scheduled for April 19, 2006 at The Pines Manor. Dr. David A. Garber will speak on Esthetic Success --- 'By Design'. This member benefit is only \$65 for MCDS members and will provide 7 CEU credits. I look forward to seeing you at the course.

### Attention MCDS Members

Anyone who is interested in providing pro bono emergency dental care for victims of Hurricane Katrina who have been resettled in Middlesex County, please call Marlene at 732-238-1255

Dental Specialist seeks office space in previously existing office (with or without equipment) or in existing office in either East Brunswick or New Brunswick.

Please contact Dr. Blume at 732-995-2496 or [OBTUR8RMOM@aol.com](mailto:OBTUR8RMOM@aol.com).

## MCDS Board of Trustees Report

Continued from page 2

MCDS tax status with the IRS is not a 501C3. Dr. Courey contacted MCDS's accountant who informed him that MCDS is in fact a 501C3. The necessary paperwork will be submitted changing the tax status and the contribution will be discussed as soon as notification is received that the change has been made.

### New Business

Dr. Richard Kahn was elected the NJDA Treasurer for 2006-07. Dr. Dan Krantz will be serving as NJDA Vice-President for 2006-07. Congratulations to both.

Motion to amend the Bylaws by Dr. Silverstein, Seconded by Dr. Galkin: To amend the By-Laws, Article I, Section 6. Dues. a.: For the sentence starting with "A recent graduate member," change this sentence to: A recent graduate member dues structure shall coincide with the recent graduate dues structure of the NJDA. Motion passed.

### Good & Welfare

A letter was received from Dr. Petrocelli thanking the board for allowing his family members to attend the January meeting where he received a Life Membership Award.

A letter was received from the International Fibrodysplasia Ossificans Progressiva Association thanking MCDS for the \$500 donation to the organization following Dr. Ed Galkin's presentation. on May 26, 2005.

Respectfully Submitted,  
Mark Vitale

## Council On Dental Benefits

-CRP Statistics was reviewed from January 1, 2005 through December 31, 2005.

There were 146 complaints submitted to NJDA; 72 were resolved, 23 were for data purposes, 38 are pending, and 13 were not resolvable.

-Workers' Comp Claims: Concentra: The council reviewed a recent example of a utilization management firm attempting to convince a dentist to accept an arbitrary decrease in the amount payable for treatment provided under worker's compensation, a situation that occurs frequently. NJDA always recommends that dentists not only preauthorize treatment under workers compensation, but also agree to the payable amount since worker's compensation plans do not utilize a fee schedule (such as that under PIP).

-Delta Dental NJ: MAC Calculation: The council discussed Delta's recent announcement concerning its plans to adjust the calculation of the Maximum Allowable Charge for Delta Premier participating dentists. Beginning January 1, 2007, the maximum allowable charge will be capped at the 80th percentile (meaning the fee that Delta believes is sufficient to satisfy 80% of the claims received from dentists during the prior calendar year). However, dentists will not be required to accept less than their allowable fee as of December 31, 2006. For example, if your approved fee on December 31, 2006 is at the 85th percentile, it will remain at that level until new fee data compiled from submitted claims adjusts the percentile level appropriately. Current participating dentist rules allow dentists to re-file their usual fees whenever the fees charged to private patients increase. Delta then annually reviews the maximum approved fee levels.

Whether or to what extent Delta's action will affect individual dentist's approved fees is open to question, unless, of course, a dentist's submitted fees already exceed Delta's approved fee. Most dentists, however, have no idea how their fees stack up in the grand scheme of "percentile". As a point of reference, the dental Personal Injury Protection (PIP) fee schedule for treatment rendered as a result of an auto accident is required to be maintained at the 75th percentile, but adjustments are made only every two years.

-Medicaid Update: The council reviewed, as informational, adopted amendments to the Medicaid managed care rules, which now require Medicaid HMOs to continue orthodontic coverage for children whose eligibility changes from FamilyCare plans

Continued on page 4

## Council On Dental Benefits, continued from page 3

A, B, or C to plan D (which covers only limited preventive treatment) if treatment has been “initiated”. However, “initiated” is defined as banding, and would not apply, for example, if a child has already had teeth extracted in preparation for orthodontics. Further, the continued coverage requirement applies only if the child remains a member of the same HMO.

The council reviewed the Notice of 2006 Public Meetings of the New Jersey Medicaid Assistance Advisory Council, which are scheduled for February 22nd, April 26th, July 26th, and October 25th. Dr. Sidney Whitman is NJDA’s representative to that group.

The council reviewed a listing by county of New Jersey dentists who had 30 or more paid Medicaid claims in the first quarter of 2005. Hudson County, with 33,300 Medicaid clients, had the most dentists submitting claims with 72 general dentists, five oral surgeons, one orthodontist, and four pediatric dentists. Essex County, with a higher number (46,600) of Medicaid clients, had 63 general dentists, four oral surgeons, and only one pediatric dentist. No dentists in Salem County submitted 30 or more claims.

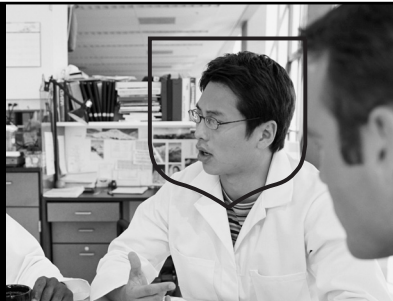

In comparison, Middlesex has 18,500 clients, 20 general dentists and 3 oral surgeons.

-Educating Members on Dental Benefit Plans: The council discussed at length the issue of how best to educate members concerning dental benefit plan issues, since the current member resources (the Capsule, website, and seminars held at the Convention) do not seem to be adequately utilized. Subsequent to the last meeting, staff e-mailed information to each council member to have published in the component newsletters (since those seem to be more widely read) and some components have done this. Further, a draft survey was prepared to get more member input. After discussing the merits of the survey questions and how best to survey (e-mail, Capsule, website), the council appointed a subcommittee to work on the survey questions. The council also decided that the most economical and fair way to conduct the survey is to post it on NJDA’s website, with an announcement to the members requesting that they complete it.

-Identity Theft Prevention Act: Staff briefed the council on pertinent provisions of the New Jersey Identity Theft Prevention Act that took effect on January 1, 2006. Among other matters, the Act requires businesses, including dental offices, to dispose of sensitive records (especially those containing Social Security numbers, credit card numbers, etc.) in a manner that would prevent their interception, such as shredding paper records. Entities must provide written notification to any person whose personal data may have been accessed by an unauthorized person. Since the law also prevents entities from printing the Social Security number on any type of identification card, Horizon Blue Cross Blue Shield dental and medical plans are assigning new identification numbers to its insureds, which much be used in place of the SS number on claim forms submitted to Horizon. No other plan surveyed by NJDA intends to take this action, since they do not print the SS number on identification cards.

-New Jersey Disease Management Study Commission: The council reviewed a newly enacted law that establishes the New Jersey Disease Management Study Commission, the purpose of which is to assess disease management programs to determine their potential to improve health care quality while reducing health care costs. The commission will consist of 15 public members, the majority of whom will be representatives of various health care provider associations, and four representatives from government, including Commissioners from the Departments of Health and Senior Services, Banking and Insurance, and Human Services, as well as the Director of the Division of Consumer Affairs. Although NJDA will not have a representative on the Commission, input will be given to Dr. Jacobs, Commissioner of Health and Senior Services, who in prior meetings with NJDA expressed an interest in the oral-systemic health links.

Imagine being part  
of a team that  
makes a discovery.

### Dentist I

UMDNJ-Robert Wood Johnson Medical School is seeking a Dentist for our Community Health department. You will be responsible for the overall administrative and clinical treatment services of the dental program. You will also develop policies and procedures and direct the quality improvement program to insure the provision of appropriate and high quality care.

Qualified candidate must have a license to practice Dentistry (DDS or DMD) in the state of New Jersey, have five years of experience as a practicing Dentist and five years experience in the administration of a dental service. Candidate must also have excellent written and oral communication skills and be resourceful, organized, self motivated and self directed.

UMDNJ offers a competitive salary & comprehensive benefits package. For more information and to apply on-line, please visit [www.umdj.edu/hrweb](http://www.umdj.edu/hrweb) and ref job #05PS993981. Affirmative Action/Equal Opportunity Employer, M/F/D/V.

ROBERT WOOD JOHNSON  
MEDICAL SCHOOL

University of Medicine & Dentistry of New Jersey

## NJDA Noteworthy News

### STAFF REPORTS

The 2005 year end membership figure is 4,663, a net increase of 72 members. The ADA records indicate that we had the 3rd largest net increase nationally, surpassed only by California and Arizona.

You can choose to get the Capsule on line which saves in printing and mailing costs. A majority of the merchants in our Member's Edge Program have opted out due to lack of NJDA member interest. The two programs remaining are Joseph A. Banks and Brooks Bros.

Governmental Affairs – Mr. Jim Schulz

Mr. Schulz reported that last year was a tremendous growing year for NJDPAC. The percentage of members who contributed to PAC went from 25% to 29%. For 2006, NJDPAC is moving forward with an aggressive campaign with a goal of attaining 2000 NJDPAC members by year-end; 200 Diamond Club members; 20 Platinum Club members; and 10 Executive Club members. To date, there are four Executive Club members.

Based on the current fiscal state of the State, it is very likely that there will be some type of professional services tax this year which may or may not involve dentistry.

The safety needle exemption legislation was signed into law by Governor Codey. This preempted a major expense for dentistry. NJDA has been successful in changing legislators' perceptions about oral health and how crucial it is in total health. Congressman Don Payne and US Senator Bob Menendez have signed on as co-sponsors to two anti-dentistry pieces of legislation. Fortunately, Senator Menendez's action occurred as a Congressman and not US Senator. NJDA will be meeting with them to discuss dentistry's position on these bills. The legislation, which both co-sponsored, would create a national mandate for amalgam separators. The second bill, of which only Congressman Payne is a co-sponsor, actually bans amalgam.

STATE BOARD OF DENTISTRY REPORT – Dr. Robert A. Hersh

The Health Care Professional Responsibility and Reporting Enhancement Act (Nurse Cullen Act). Among other provisions, this law requires that a dentist, when in a dental facility which is overseen by the NJ Board of Health, is required to report any incident in which a dentist licensee appears to be impaired or is acting in a manner which is potentially harmful to patients. Failure to report such actions can result in disciplinary action against the observing dentist.

PRESIDENT'S REPORT – Dr. August D. Pellegrini

Dr. Pellegrini testified in Trenton at the Safety Needle hearing where we were successful in getting dentists exempt from using safety needles in hospital and government based settings

SPEAKER OF THE HOUSE - Dr. Walter I. Chinoy

Dr. Walter Chinoy announced that the Annual Session House of Delegates meeting in June will have a full agenda. There is a possibility that we may begin the meeting earlier than the usual 10:00 a.m.

EXECUTIVE DIRECTOR & LEGAL COUNSEL'S REPORT – Mr. Art Meisel

Mr. Arthur Meisel reported that many dentists have received a highly misleading letter from the Division of Consumer Affairs that appears to deal with a biennial license renewal in February. This only deals with your CDS permit. You will also receive from NJDA a yellow/gold sheet covering frequently asked questions and answers on enteral sedation that was prepared by the State Board.

NEW BUSINESS

Mr. Meisel critiqued the proposed amendment to the statute governing Limited Teaching Certificates. He stressed that the limited teaching certificate will only allow that individual to teach or practice in the school and its clinical facilities. It is not a license to practice dentistry. If that individual should leave the dental school, the certificate automatically expires. A graduate from a foreign dental school must have the recommendation of the Dean and the State Board of Dentistry has the final decision making authority. He felt that with that kind of approach it would balance the needs of the school and the concerns of dentists. Additional safe guards can be added but he wanted the Board to know that the dental school can go to the legislature with or without our support.

Dr. Harris Colton is running for ADA 2nd Vice President. He asked for the support of NJDA to help finance his campaign. It is felt that he will need approximately \$10,000 for the campaign and requested that we support Dr. Colton in the amount of \$5,000. This passed and we will solicit aid from other constituents within the 4th District.

---

## EDUCATION, PRACTICE MANAGEMENT, CAMERADERIE

In order to better serve our members, the Middlesex County Dental Society Mentor Committee is organizing study clubs for those dentists who have been practicing five years or less. Please call our executive secretary, Marlene Glickman, at 732-238-1255 to join.

# Middlesex County Dental Society

## David A. Garber, DMD

### Esthetic Success --- 'By Design'

**Wednesday; April 19, 2006 8:30AM to 4:30PM 7 CEU credits**

LOCATION: Pines Manor in Edison, NJ Sponsored by MCDS and Kuwata Pan Dent

DENTISTS: MCDS members \$ 65 / NJDA members \$100 / Non-Members \$ 225  
All Staff \$45 per person

Dental practice in the new millennium has evolved dramatically --- new ceramic systems, coupled with predictable bonding, have changed and expanded treatment planning for enhancing smile esthetics with less-invasive techniques. Today's patients look beyond the restoration of individual teeth and contemplate enhancing smiles in their entirety. Dentists need a predictable template of "10 definitive Steps to Smile Design".

This presentation will address the *changing, integrated face of dentistry*....

The program will update the generalist and specialist, as well as their auxiliary staff on state-of-the-art technique and materials in restorative dentistry, esthetics, cosmetic periodontics, and implantology.

---

## MCDS Annual OSHA Seminar/Certification

**THURSDAY JUNE 22, 2006**

**Time:** Registration: 6:00 pm Program: 6:30 - 8:30 pm

**Place:** St. Peters Medical Center, New Brunswick, NJ

**Tuition:** MCDS Member Dentists & Staff **\$15 per person** [member benefit] Non-members \$65 per person

This program will satisfy the OSHA standard on Occupational Exposure to Blood Borne Pathogens, which is **required annually for dentists and staff**. Each office person trained will receive certification that they have been properly instructed for this OSHA regulation on Infection Control.

Two CEU credits will be awarded to those attending this 2-hour seminar. This seminar is available to our members as a **member benefit of MCDS**

### 2/21/06 General Meeting Business

Dr. Silverstein re-read the motion regarding the change to the By-Laws proposed at the last meeting regarding officer position vacancies. The motion passed. The word "Acting" is now removed from Dr. Lawson's title.

Dr. Silverstein read the motion from the minutes above regarding the dues structure for recent graduates.

Dr. Lawson re-read the slate of officers which were approved by the nominating committee. There were no nominations from the floor, and nominations were closed. The slate of officers was properly moved, seconded and approved.

## Highlights from the February Meeting

Dr. Michael Dzitzer presented his lecture entitled "Esthetic and Function of Anterior Restorative Dentistry." (Dr. Molinari, who was originally scheduled to speak, cancelled). Seen here in the photo (left to right) are Dr. Richard Kahn, newly elected NJDA Treasurer for 2006-07, Dr. Michael Dzitzer, Dr. Scott Galkin, MCDS Program Chairperson, and Dr. Stephen Lawson, MCDS President.

## St. Peter's Medical Library

Members of the Middlesex County Dental Society are allowed to borrow dental materials from the Medical Library at Saint Peter's University Hospital. A valid ADA ID must be presented in order to borrow materials. Here is a list of some of the materials in the dental collection:

- Excellence in Cosmetic Dentistry-Video Series;
- Gordon Christensen Video Tapes;
- Journal of Oral and Maxillofacial Surgery;
- Oral Surgery, Oral Medicine, Oral Pathology, Oral Radiology, and Endodontics.

Information about the Medical Library, including hours of operation, can be found at [www.stpeterslibrary.com](http://www.stpeterslibrary.com)

MCDS Newsletter is the official publication of the Middlesex County Dental Society and is published 8 times annually following each Executive Committee meeting. Articles should be submitted to the Content Editor before the deadline for each issue. Publication materials may be deferred to future issues or edited without changing the author's intent, in order to conform with the requirements of the Newsletter. The publication of an advertisement, opinion or statement does not reflect endorsement, approval, or policy of the MCDS and its newsletter unless stated. All correspondence regarding this newsletter should be directed to the Business Editor.
