*A Publication of the Middlesex County Dental Society*

*President's Message ... James Courey*

This month I have reflected on what it means to be a “life member” of our dental society. To receive the honor of lifetime membership, a dental professional needs be an active participant for at least thirty years. Amazingly this year, we recognized six dentists who have earned the distinction of lifetime members. Thirty years ago, they recognized the importance and value of joining the ADA, NJDA and MCDS, not only for the continuing education opportunities and camaraderie of colleagues, but also for the vital advocacy this large group provides its members. Today, more than ever, there are so many reasons and benefits to belong to organized dentistry. We now have services like Law-line, which saves members a fortune on attorney’s fees by having the Executive Director of NJDA, Arthur Meisel, Esq., available for advice to members with only a phone call. Mr. Meisel recently represented a dentist, and brought

**GENERAL MEETING – Tuesday, March 18, 2008**

**THE PINES** Route 27 • Edison, NJ

Registration .....	6:00
Business Meeting and hors d'oeuvres .....	6:30
Dinner & Speaker .....	7:00

**“Restoration Selection for the Aesthetically Driven General Practice”**

**Featured Speaker: John C. Cranham, DDS**

Dr. John C. Cranham has a contemporary dental practice in Chesapeake, Virginia, focusing on cosmetic, restorative and implant services. Dr. Cranham is an honors graduate of the Medical College of Virginia, where he continues to teach as an Associate Clinical Professor. Dr. Cranham is an internationally recognized speaker on the Esthetic Principles of Smile Design, Contemporary Occlusal Concepts, Treatment Planning, Restoration Selection, Digital Photography, Laboratory Communication, and Happiness and Fulfillment in Dentistry.

One of the most important decisions we make in every treatment plan is to choose a material that will solve the esthetic, functional and biologic needs of our patient. This 70 minute evening presentation will provide each participant a programmed approach to restoration selection within their practice. Stacked porcelain, pressed ceramics, metal ceramics, chairside and laboratory fabricated CAD-CAM restorations, and Gold restorations will be covered in detail. Learning to choose the correct restorative material for a variety of clinical situations will be the cornerstone of this presentation.

## MCDS Board of Trustees Report

2/12/2008

**Attendance:** Ashmen, Chustckie, Courey, Glickman, Kahn, Prabhu, Savage, Schambra, Silverstein, Stein, Marlene Glickman

**Acceptance of Minutes**-vote unanimous.

**President's Report**-James Courey

**Treasurer's Report**-Robert Ashmen

See full report on page 3.

**Secretary's Report**-Maya Prabhu

The Board unanimously voted to nominate Dr Harmon Katz for the Sy Symanski Lifetime Achievement Award. The nomination will be forwarded to Art Meisel.

**Website Editor's Report**-Bob Silverstein

Online registration for all courses/events that we offer will now be available on our web site.

**Program Chairperson's Report**-Constantine Simos

The theme for staff night this year will be "Casino Night". I have obtained a quote from Moonwalk Entertainment and I will also obtain a quote from another company. We have 25 registrants for the full day CE course on 3/19. A promotional mailing for the course is going out this week. On April 15th, Dr. Thomas R. Flynn will deliver the Sy Symanski Memorial Lecture.

**Executive Secretary Report**-Marlene Glickman

The Dental Shadowing Program has been working out very well for those students who have chosen to participate. We are working on forming a partnership with the Chandler Health Center in New Brunswick so that Rutgers students can do their dental shadowing at their facility as well as at individual offices. I am pleased to report that additional dentists have volunteered to be part of the program. If you would like to be one of the dentists to allow a Rutgers student to shadow at your office, please contact Marlene Glickman @ 732-238-1255.

Currently, there are about 27 people signed up for the Cranham course on March 19th. You can register by mail or on line at [www.MCDSofNJ.org](http://www.MCDSofNJ.org)

**NJDA Council Reports:**

**Dental Education**-Bob Ashmen

Council members were well-received at the School Cuncelor Association meeting in Long Branch in October 2007. Representatives for our council were present to promote careers in dental assisting. We will be receiving brochures promoting dental assisting to disseminate to school counselors in an effort to raise awareness in this career. The council will be selecting the Fall 2008 Weekend Study Club speakers and the recipients of the 2008 Dental Assistant Scholarships in the next 2 months. Any NJDA members interested in speaking at the Weekend Study Club should submit a lecture outline and CV to Arlene Dam at NJDA.

**Governmental and Public Affairs**-Mitch Weiner

See full report on page 7.

**Membership**-Tara Savage

NJDA had a net increase in membership for the 8th consecutive year, with more than 4,800 members currently. The number of non-renewals dropped from 145 in 2006 to 74 in 2007 due to the increased efforts by the NJDA staff, including personal phone calls and letters. In 2005, Tricia DeCotiis began visiting GPR programs in order to promote membership to dental residents. Since then, the percentage of licensed graduate students who are

suit against an insurance company who refused to pay money owed for treatment provided. This type of high quality benefit has no additional cost for members and provides dentists with legal assistance in an accessible manner.

Members are provided the ease of computerized tracking of CE courses, membership updates and online registration of national, state and local meetings. High quality continuing education and mentor programs are offered to members at a fraction of the cost of comparable courses elsewhere. Our Governmental Affairs and PAC representatives keep us up to date on the latest initiatives in Trenton and they continue to fight for organized dentistry in a very bureaucratic system. Another member benefit is discounts on various insurance products and travel services; NJDA endorsers often offer significant discounts to goods and services. Today, we have many more benefits and advantages than our life members had years ago. Despite this, these pioneers recognized the value of organized dentistry and joined. Their leadership and perseverance provides us a model to emulate and contributes to the success of MCDS today.

### MCDS Newsletter Online

If you would like to receive the newsletter electronically in lieu of receiving a printed copy, please visit our web site. Click on the "Member" link, then the "Of Current Interest" Link. By registering for this, you will be able to view the newsletter about a week before it would get to you in the mail, and this will also be saving us money.

### Office Space for Sub-Lease

1970 sq.ft. of Professional Space  
on Easton Avenue in Somerset. Call  
732-846-8686.

### Provide NJDA with your email address!

By having your email address, NJDA  
can get vital and timely information to  
you, such as the surprise visits from  
DEP.

Register at [www.NJDA.org](http://www.NJDA.org).

### Great Member Benefits:

**Lawline** — As a continuing member benefit, NJDA's General Counsel, Arthur Meisel, Esq. and Assistant Counsel Patricia DeCotiis are always available to confer, at no cost, with members. If you have a question or need assistance, call Mr. Meisel at (732) 422-2730 or Patricia DeCotiis at (732) 422-2717 or send them a fax at (732) 821-1082.

## MCDS Board of Trustees Report

Continued from page 2

not members has dropped from 20.2% to 13%. Last year, NJDA received the ADA award for the state association with the highest membership retention rate among states of comparable size. At the last Board of Trustees meeting the "Call a Non-member a Month" program was approved. Each Board member and each council on membership will be assigned 12 non-members to call during 2008. Dental Expo Day at UMDJ will take place on March 19, 2008. NJDA will be giving a presentation to the senior dental students on how to get their dental licenses and transitioning into practice. They will visit the seniors again in May to fill out membership applications. The Bank of America will sponsor a "New Dentist Conference" for dentists in practice 10 years or less. It will be held on Wednesday, June 4, 2008 at the NJDA meeting in Atlantic City. The 2008 NJDA directories have been mailed out.

### Committee Reports:

#### Mentor-Ethan Glickman

Our bi-annual OSHA program that satisfies the OSHA standard on Occupational Exposure to Blood Borne Pathogens, which is required annually for dentists and staff will be given on June 19, 2008. Each office person will receive certification that they have been properly instructed for this OSHA regulation on Infection Control. Two CEU credits will be awarded to the staff members attending this 2-hour seminar. This seminar is available to our members for \$20/pp as a member benefit of MCDS. A big "Thank You" to Dr. Joe Fertig for arranging all our room accommodations for the MCDS-OSHA programs at St. Peter's Medical Center in New Brunswick.

The Central New Jersey Dental Hygiene Study Club will meet on February 13, 2008. Sponsored by Middlesex County Dental Society, MCDS hygienists meet at the Clarion Hotel, Rte 27 South, Edison NJ. Dr. Arnold Rosenheck will present a seminar, "Oral Manifestations of Diseases of Local and Systemic Etiology" at the next meeting. Two CEU credits will be awarded for the meeting. This CNJDH study club is available to our hygienists as a Dentist-member benefit of MCDS.

Please contact Marlene Glickman, our Exec.Sect'y for MCDS, at # 732-238-1255 for additional information and registration in advance for either program.

**Oral Cancer Screening**-Constantine Simos (Middlesex County liaison to the Oral Cancer Workgroup )

I attended the most recent meeting on February 4th. On Thursday, June 12th, NJDA will be sponsoring an Oral Cancer Screening at the Statehouse to promote awareness of oral cancer screening and oral health. I will be at the screening along with Drs. Rosenheck and Lederman and other dentists from the Workgroup.

#### Old Business

Dr Richard Kahn made a motion to organize emails and fax numbers of MCDS members to be used for dissemination of information as needed by the executive board. This was seconded by Dr Prabhu. Motion passed.

The issue of the NJ dental school combining some of its CE courses with MCDS at their Newark facility is still open for discussion.

#### New Business

The Middlesex County college Hygiene Program has shown interest in participating in the Central NJ Hygiene Study Club. An ad hoc committee has been set up to look into this further and bring their recommendations back to the Board.

Respectfully Submitted, Maya Prabhu

---

## NJDA and MCDS Congratulate our 2007 Life Members

Dr. Avery Kelner receives his Life Member pin from NJDA President-Elect Dr. Daniel Krantz (left photo) and his Life Member Plaque from MCDS President-Elect Dr. Mark Vitale (right photo).

Other Life Members for 2008, Dr. David Crystal, Dr. Joseph Fertig, Dr. Arthur Greenwald, Dr. Neil Lawner and Dr. Barry Maze were unable to attend. MCDS and NJDA congratulate all of the 2008 Life Members on their accomplishment and we recognize their contributions to organized dentistry.

---

## Developing dental procedures may soon lead to earlier disease detection and prevention

(by Amanda MacMillan, from the Prevention.com web site)

Within 5 years, your dental checkup may be a first line of defense against breast cancer. Four proteins in saliva, being studied at the University of Texas, may serve as early signs of the disease; rising levels could prompt an MRI or a mammogram. New software from European scientists uses teeth x-rays to gauge osteoporosis risk. It's as accurate as bone-density tests in early trials and may be in dentists' offices within 2 years.

Peppermint toothpaste packed with cocoa powder extract, developed at Tulane University, will be available in 2 to 4 years. The extract prevents tooth decay more effectively than fluoride, making teeth harder and less susceptible to plaque.

## Council on Public and Governmental Affairs Report- January 23, 2008 Meeting

### LEGISLATION

- Both the Dental Consultant Law and the Limited Teaching Certificate Law were enacted. As for the Dental Consultant Law, the governor didn't like the idea of an insurance consultant rep. on the State Board as he felt it was not in the public's best interest. The dental insurance companies are very upset with this exclusion. The passage of the Dental Consultant Law is a major triumph for NJDA and was a goal in the workings for nearly a decade.
- PIP Legislation has reached the Assembly Committee. The physicians are upset about wording in the bill that favors dentists, allowing them to be reimbursed at their billed fees.
- Paid Family Leave Legislation: A new reworking of the bill allows up to 6 weeks (versus 10 weeks) leave and conceded defining 'loved one' as an immediate family member (parents, children, stepchildren, aunts, uncles, etc.) and will be funded only by additional withholding from employees (averaging an additional \$0.64 per paycheck), not employers. This will not affect employers TDI percentage rate and will provide workers who take such leave 2/3rds of their salary up to \$502 per week. The legislation was tightened to include local governments and school boards in addition to small businesses. Employees must give one month advanced notice in the case of birth/adoption and will have to use vacation and/or sick time first before using TDI if the employer wishes.
- Wrongful Death Legislation received a pocket veto from the governor. If the governor does not act on a bill within 7 days of the end of a legislative session, it dies (pocket veto). The governor felt the bill would lead to the likelihood of malpractice insurance rate increases. He suggested the legislature look at guidelines for a potential ceiling (caps on payment) for wrongful death awards if a revamped bill is sent to him. This insinuates a move towards potential tort reform if the legislature moves in the direction that the governor is suggesting.

### REGULATION

- Physician and Dentist Student Loan Redemption Program Regulation: This would allow reauthorization of a program that provides up to \$120,000 for MD/DMD's to go into underserved areas to provide care. UMDNJ is pushing hard for this as they want their extramural sites to qualify for this funding.

### STATE BOARD APPOINTMENTS

- Several appointments/reappointments to the NJ State Board of Dentistry will have to be made by the governor. The Council will form a subcommittee to vet all interested potential nominees and make recommendations to the governor on NJDA's behalf.

### GIVE KIDS A SMILE

- 56 sites throughout the state with close to 800 volunteers.
- 2008 shows an increase in the number of private sites
- Unfortunately, Sussex, Warren, Cape May and Mercer Counties were not represented with sites this year.

### NEW LEGISLATORS/NEW COMMITTEE ASSIGNMENTS

- Big turnover in the new legislative session.
- Things look good for organized dentistry in the State Senate as we have an excellent working relationship with the majority of Committee Chairs and members.
- In the State Assembly, we may be challenged with some Committee Members that do not share our views on fluoridation or insurance matters, but overall our PAC was very successful with its support of winning legislators in the new session.

---

## Highlights from the February General Meeting

NJDA President-Elect Dr. Daniel Krantz (L) presents former ADA Delegate Dr. Joel Leizer an award for Outstanding Service and Dedication to our Society

NJDA President-Elect Dr. Daniel Krantz (L) presents MCDS President Dr. James Courey an award for his service as President

# Staff Night

Tuesday, May 20, 2008

6:00-6:30 Cocktails

6:30-9:30 CASINO NIGHT AND DINNER

9:30 Raffle Drawing

The Casino will consist of Black Jack, Craps, Roulette and a Money Wheel. Poker fans will also enjoy both Caribbean Stud and Texas Hold ‘Em games. This will be a SUPER fun-filled evening of entertainment, games and PRIZES for both doctors and staff. This event is provided for ALL members, regardless of whether they bring staff members or not. In the best interest of proper organization, based upon the large turnout of this event in the past, pre-registration will be a must!! A financial incentive will be provided to encourage prompt return of reservations.

John C. Cranham, DDS "The Cosmetic Occlusal Connection"

Wednesday, March 19, 2008 8:30am-4:30pm

Dr. John C. Cranham has a contemporary dental practice in Chesapeake, Virginia, focusing on cosmetic, restorative and implant services. An honors graduate of the Medical College of Virginia in 1988, Dr. Cranham maintains a strong relationship with his alma mater, as an Associate Clinical Professor. Dr. Cranham is an internationally recognized speaker on the Esthetic Principles of Smile Design, Contemporary Occlusal Concepts, Treatment Planning, Restoration Selection, Digital Photography, Laboratory Communication, and Happiness and Fulfillment in Dentistry. He is the Director of Education at the Dawson Center for Advanced Dental Education where he teaches Seminar II with Drs. Dawson and Dupont, along with two three-day hands-on programs (Functional Esthetic Excellence I & II). Additionally Dr. Cranham founded Cranham Dental Seminars which provides a combination of lecture and mobile hands-on programs. As an active educator, he has provided over 500 days of continuing education for dental professionals throughout the world.

This program is designed to help the general practitioner take his or her dentistry to the next level. While many courses focus on the procedural aspect of dental treatment only, this seminar will help you visualize optimum dentistry from an aesthetic and functional perspective. This course is a must for the Dentist who would like to do more elective esthetic, and advanced restorative cases.

In this program you will learn:

- How to select the best camera system that will best fit your practice and use digital photography to visualize optimum dentistry.
- How to choose the correct incisal edge position in any cosmetic/aesthetic case.
- How to know when veneers, all ceramic crowns or metal ceramic crown restorations are the right choice for your patient.
- When and how you can perform laser gingival recontouring, and when boney surgery is required.
- To understand the components and proper function of the gnathostomatic system.
- How to visualize and design an ideal occlusal scheme for each patient.
- To understand the various "treatment positions" and how to choose the best one for each patient.
- The necessary records needed to work up a case for ideal esthetics & function.
- To use and evaluate the latest technology for occlusal evaluation and restorative treatment.
- How and when to safely open the vertical dimension of occlusion.
- How to fabricate exquisite, long lasting provisional restorations, and why this is the most important step in the restorative process!
- How to get your patients to see the opportunities and benefits to long term, optimum dental care, and how to get them to YES.
- How to convert a traditional general practice to one that is thriving with elective esthetic and advanced restorative cases

**MCDS Executive Secretary Marlene Glickman 732-238-1255**

MCDS Newsletter is the official publication of the Middlesex County Dental Society and is published 8 times annually following each Executive Committee meeting. Articles should be submitted to the Content Editor before the deadline for each issue. Publication materials may be deferred to future issues or edited without changing the author's intent, in order to conform with the requirements of the Newsletter. The publication of an advertisement, opinion or statement does not reflect endorsement, approval, or policy of the MCDS and its newsletter unless stated. All correspondence regarding this newsletter should be directed to the Business Editor.
