President's Message ... Alyssa Bernstein

As I sat down to write the President's Message for this newsletter I had one topic in mind to write about but due to recent events in my life I have changed my message. Eight years ago I had a tragic event happen that could have very easily derailed me, but thanks to Dr. Ethan Glickman I was “saved”. My first husband had just passed away and I was lost. I needed something that could distract me from my sadness and loneliness, something to focus my energy on. Dr. Glickman called one afternoon and suggested that I attend a Middlesex County Executive Board meeting and consider taking on a position on the board. I went to my first meeting and subsequently accepted the position of the Central New Jersey Dental Hygiene Study Club doctor representative. The following year Dr. Maya Prabhu asked me to be her Educational Coordinator and I began my climb to the Presidency. Having the support of the board at that time in my life was just what I needed.

GENERAL MEETING – Tuesday, January 19, 2016

THE PINES Route 27 • Edison, NJ

Registration	6:00
Business Meeting and hors d'oeuvres.....	6:30
Life Member and NJDA Officers Presentations	7:00

Congratulations to our newest Life Members!

NJDA Officers Meeting and New Life Membership Presentations

Come hear the stories behind the legislative and legal battles won on your behalf by NJDA this year from the dedicated officers. This annual event is an opportunity to meet the NJDA Directors and General Counsel and to witness first hand their dedication to our members. You will never ask the question, “What is organized dentistry doing for me?” after this evening. It will provide you with the opportunity to learn how to use NJDA's vast resources to get the most of your membership.

In addition, a special presentation to our deserving New Life Members will be featured. Life Members have been members for 30 consecutive years, or 40 years total. Tonight we honor our members who have reached this milestone in their careers, and acknowledge their contributions.

MCDS Board of Trustees Report

11/10/15

Attendance: Drs. Alyssa Bernstein, Devang Modi, Genevieve Fernandes, Richard Kahn, Antoinette Tauk, Ira Rosen, Mark Schambra, Daniel Krantz, Sunny Satwah, Mitch Weiner, Mark Vitale, Sandy Goldstein, Constantine Simos, and Marlene Glickman

Acceptance of 10/13/15 Minutes- vote unanimous.

Treasurer's Report- Dr. Sunny Satwah

See full report on page 3.

Secretary's Report- Dr. Genevieve Fernandes

Dr. Mohammed Erakat, Dr. Paresh Patel and Dr. Mario Fiorentini were in attendance at our board meeting today as guests.

Education Coordinator's Report- Dr. Devang Modi

Dr. Barry Raphael is confirmed to speak on the topic of "Airway Management- A New Paradigm." on 11/17/15. In January, during Officer's Night we will be honoring 4 life members: Dr. Richard Heinowitz, Dr. John McDonough, Dr. Jayant Patel and Dr. Steven Resnick.

ADA Delegate Report- Dr. Daniel Krantz

There will be no ADA news increase for the next year.

NJDA Trustee Report- Dr. Mitch Weiner

There has been no NJDA Trustees meeting since our last MCDS Board meeting and dinner. Our next NJDA BOT will be Wed. November 18th after the House of Delegates meeting. MCDS Board members should mark Nov 18th 10am at Pines for House of Delegates on your calendars. There will be discussion and voting on the budget/dues increase with emphasis on the funding of ADA Delegates/Alternate Delegates to the ADA convention as well as an increase in the rate that ACTIVE (not retired) life members pay for dues.

NJDA Council Reports:

Dental Benefits- Dr. Devang Modi, Dr. Antoinette Tauk

The Council on Dental Benefits met on 11/4/15. Of key note is a policy by United Concordia that effective 8/7/2015, they will not pay for routine periapical x-rays on recall visits without a narrative indicating the need for those x-rays on that specific patient. They also state that you cannot bill the patient for the balance. So if you're office takes 4 bitewings and 2 periapicals during recall visits, the periapicals will not be covered. Providing an explanation in the remarks column does not guarantee a payment from UC but maybe the insurance company will consider paying or possibly allow to charge the patient. The Council unanimously voted to permit Dr. Krantz to bring this concern to the ADA CODB for intervention. It is our concern that other insurance companies will follow suit.

When trying to resolve dental insurance claims issues ask to speak to a representative in the United States. They have more access to more details of claims, policies and procedures than a representative overseas whose looking at only a computer record. Please use Dr. Joan Monaco as a resource from NJDA (732-821-9400) to fight your difficult insurance battles.

Effective January 1, 2016, DDNJ will implement four Managed Fee Economic Areas (MFEAs) for all Products in New Jersey and Connecticut. Unlike in the past where the different fee regions were geographically adjacent to each other, MFEA's will be established based on the submitted fees within every five digit zip code in each state. This transition to MFEAs is based on a detailed analysis for each five digit zip code in each State so that the approved fee level can more closely match the fees being submitted by dentists in the respective

Continued on page 3

Three weeks ago I experienced another tragic loss, the death of my second husband and I realized once again how much the Middlesex County Dental Society has become a family to me. I would like to use this message as a way to express my appreciation to all the members that have called and written recently. Your kind words have gotten me through this once before and I know having your support will get me through this once again. Thank you again for all your sympathy and thoughtfulness.

Wishing everyone and their families a Happy Holiday Season.

General Membership Meeting Business

The 2016 budget was presented to the General Membership and unanimously approved.

Insurance Claims Problems?

The Board would like to remind you that Claims Resolution Service is available through the NJDA to help you resolve any dental claim issue.

Please contact Dr. Joan Monaco at 732-821-9400.

This service is provided free to you as a member benefit.

Provide MCDS with your email address!

As those of you who have registered your email addresses with us know, the Board is becoming more proactive in notifying you with timely information, such as upcoming early registration deadlines, reminders about the change in date for the April General Meeting, course reminders, etc.

By having your email address, we can get such vital and timely information to you. Register by going to our web site (www.MCDSofNJ.org), then the member page, then "Of Current Interest." It's the third link down. The username is mcds, and the password is mcds1912.

MCDS Board of Trustees Report

Continued from page 2

areas. The net overall impact across all networks and locations is expected to be a modest increase in approved fee levels as compared to the existing two geographic zone methodology, with the most positive impact being for the Delta Dental PPO in certain areas throughout each State.

The council discussed its Mission Statement and possible need for modification with its duties. Should it be limited to insurance issues because the council often discuss government regulations, ACA, corporate dentistry, business and billing trends, legislative affairs involving covered/ non-covered services... Often there is cross over with reports of the same from other council and committee (BOT report, council on governmental affairs...). It was recommended to obtain ADA's CODB mission statement.

Next meeting is scheduled for Feb. 2nd 2016.

Governmental Affairs – Dr. Mitch Weiner

-The new Prescription Monitoring Program law is in effect as of November 1st. There have been some problems with access and the IT people are working on their end to rectify. NJDA will be monitoring and updating the membership through the transition. A 'Do No Harm Symposium' to discuss prescription drug abuse is being held at Barnabas Health Corporate Headquarters on Friday November 13th. Admission is free and practicing dentists are encouraged to attend.

-Out of Network Legislation that would impose mandates on healthcare practitioners, holding them responsible for communicating to patients the network/ out of network status of ALL referrals given. NJDA has been communicating to our legislators that dental offices and insurance companies have excellent transparency in regards to in/out of network status of practitioners and that dentists deserve to be left out of the legislation. Although it is likely that dentistry will be left out of the bill, there are no guarantees. Thus, the Council and NJDA staff are closely monitoring the progress of this bill, which is moving very slowly through the legislative process at this time.

-OMNIA- Horizon BC/BS has formed a new Health Alliance (called OMNIA) and tiered network plan with a number of the major health care systems in the state of NJ. (For the details from Horizons website: <http://www.horizonblue.com/about-us/news-overview/company-news/horizon-bcbsnj-major-new-alliance-formed-transform-health-care-delivered-financed>). OMNIA is being looked at with great trepidation and scrutiny by the state legislators, who held an all day hearing grilling Horizon executives in early October. One of the most critical matters to legislators during this hearing was that Burlington County still does not have access to a 'tier 1' hospital (and one that provider OB/GYN services) in the OMNIA alliance that is currently in place.

-The Center for Oral health Legislation had been amended from its original form to place the state Dental Director in the Office of the Department of Health.

-Expungement Legislation update-a draft of the expungement bill that would allow expungement of certain minor violations that have been on members public records indefinitely was reviewed by the Council. In order for the bill to be utilized for most professional licensees, the draft is of a very general nature and does not get into the specifics of which board violations would be considered for expungement.

Membership- Dr. Genevieve Fernandes, Dr. Nima Mir-Madjlessi

Brendan Breen reported on the success of NJDA's 2 recent programs. Resource Day was held on September 30th at Association headquarters. This event was attended by over 200 members and staff. Positive feedback was given through-

Continued on page 4

out the day. The New Dentists Conferences were held on October 3rd in Mount Laurel with 30 dentists in attendance and October 17th in Saddle Brook with 45 in attendance.

The council discussed how NJDA and the components can entice non-members to become members, and how to make new members feel more welcome.

The Council heard from ADA Outreach Manager, Bridget Baxter who discussed both data analysis that has been conducted as well as major initiatives carried out by the organization.

Peer Review- Dr. Sandy Goldstein

There were no new peer review cases assigned or mediated during the last month.

Committee Reports:

Corporate Sponsorship-Dr. Ira Rosen

At the November General Membership meeting, all three of our gold sponsors will be in attendance– Zimmer Biomet, Dentsply International and Provident Bank. In addition, one of our bronze sponsors will be joining us for the first time this year– Kuwata Pan Dent. Please join me in welcoming our sponsors and be sure to visit them and view their products. AFTCO has reconsidered and has decided to continue advertising in our monthly newsletter.

Mentor-Dr. Nima MirMadjlessi

Our bi-annual OSHA program that satisfies the OSHA standard on Occupational Exposure to Blood Borne Pathogens was held on Oct. 15, 2015 at St. Peter's Medical Center, New Brunswick. We had about 110 member Dentists and their staff in attendance. Two CEU credits were awarded to the Dentists & staff members attending these 2-hour seminars. These seminars are available only as a member benefit of MCDS. A very big "Thank You" to Dr. Joe Fertig, Director of Dental Services - St. Peter's Medical Center, for arranging all our room accommodations for the MCDS-OSHA-Mentor programs at St. Peter's Medical Center in New Brunswick.

The next OSHA course is being planned for June of 2016. Also, I am still in the process of planning an insurance workshop for our member dentists and their Insurance Coordinators-HOPEFULLY in January 2016.

New Dentist Committee - Dr. Sanjeev Satwah

The national New Dentist Conference was held this past week in Washington DC. It was well attended. Attendees, including myself, felt it was a 'must attend' for all new dentists. Our next state committee meeting is on 11/19.

Membership Hospitality Committee - Dr. Genevieve Fernandes, Dr. Deborah Brown

Email blasts are being sent out by Dr. Genevieve Fernandes with reference to upcoming courses and holidays.

Budget and Finance- Dr. Ira Rosen

The budget committee completed the proposed MCDS budget for calendar year 2016. It was approved by the MCDS Executive Board and presented to the membership at the October General Membership meeting. A copy of the budget was published in the November newsletter and it will be voted upon at our November General Membership meeting.

Hygiene Study Club- Dr. Alyssa Bernstein

The Central New Jersey Dental Hygiene [CNJDH] Study Club met on Wednesday September 16, 2015 at the Crowne Plaza Hotel in Edison. The speaker was Dr. Robert Silverstein and the topic is "Invisalign: Understanding Limitations to Improve Outcomes". Two CEU credits were awarded to the hygienists that attended this meeting. The following CNJDH meeting will be on Wednesday November 11, 2015 at the Crowne Plaza Hotel in Edison. The speaker will be Dr. David Wendell and the topic will be, "Got Belly Fat... It's not you, It's your Hormones." Two CEU credits will be awarded for this seminar. This CNJDH study club is available to our hygienists as a Dentist-member benefit of MCDS. Please contact Marlene Glickman, our Executive Secretary for MCDS, at 732-764-MCDS(6237) for additional information and registration in advance for the program.

MCDS Study Club- Dr. Genevieve Fernandes, Dr. Nima Mir-Madjlessi

On November 4th, 2016 we had the second meeting of the 2015-6 MCDS Study Club. Dr. Maya Prabhu gave an excellent presentation titled: Endodontic Trauma: A Systematic Review. There were 15 members in attendance. We are hoping to build momentum and have more members partake of this member benefit. This is another reminder to all of our members to take advantage of this opportunity and to invite a friend or colleague who is not a member of NJDA/MCDS to see one of the many benefits of membership. On Dec. 16th Dr. Nainesh Desai will be presenting: A review of Implant supported Overdentures. Please look for the registration form on our website and our Facebook Page.

New Business

The Board unanimously approved Dr. Antoinette Tauk as our secretary for 2016-2017.

Good and Welfare

Dr. Cavan Brunsden was unable to attend today's meeting as he is celebrating his birthday with his family.

Respectfully Submitted, Dr. Genevieve Fernandes, Secretary

NJDA Noteworthy News

-NJDA has been solicited by Delta to provide a representative to its Advisory Board. The board decided that this designate should be appointed by the current NJDA President for a 3 year term and NJDA president Dr. Greg LaMorte selected Dr. Thomas Rossi, the current NJDA Secretary.

-The Division of Consumer Affairs has not managed the new Prescription Monitoring Program regulation transition well. Many IT issues persist that DCA has not been able to address adequately yet. There is no push at this time from DCA to go after non-compliance until these problems are rectified.

-A 'Do No Harm Symposium' on prescription drug abuse was held on November 13th and facilitated by Dr. Mark Vitale in cooperation with St. Barnabas Health. The program was well attended by practitioners and well received. Another program is in the planning stages.

-A term limit committee was set up under the directive of President Dr. Greg LaMorte to look into a protocol for Council, Committee, Trustee and ADA Delegate/Alternate Delegate term limits. After the committee presented its proposal, a long discussion by the board ensued in which many permutations and combinations of unforeseen 'what ifs' were brought to light. As a result, the board took no action and Trustees were asked to go back to their components to seek feedback.

-MOM's (Mission of Mercy) project discussions are going forward for a proposed day of free dental care for military Veteran's in NJ sometime in 2016.

-A Renovations Committee was established by the board to entertain proposals for a phased renovation/modernization of the NJDA Building. The first proposal was presented to the board and no action will be taken until more proposals are received and presented at the next NJDA board meeting in January 2016.

MCDS Induction of New Life Members

The following MCDS members are being honored for life membership this year: Richard Heinowitz, John McDonough, Jayant Patel and Steven Resnick.

They have shown a steadfast dedication to their profession and organized dentistry over their careers. They will be formally inducted as life members at this month's dinner meeting. Each new life member was asked to submit their biographical information, and those who chose to do so are recognized below.

Richard Heinowitz

With over 35 years of experience and expertise in the field, Dr. Richard J. Heinowitz continues to offer optimal dental care to the infants, children, teens and young adults of Monmouth and Middlesex counties. Dr. Heinowitz graduated from Georgetown University, School of Dentistry in 1977. He continued on to complete his specialized training in Pediatric Dentistry at the Eastman Institute for Oral Health at the University of Rochester in 1979. Dr. Heinowitz continues to educate himself on new advancements in the field and lectures regularly on the subject of new technologies in dentistry. He is on staff at Robert Wood Johnson University Hospital and he teaches preventive dentistry and new approaches to pediatric dental technologies. As a community service, Dr. Heinowitz and his staff provide a hands-on, educational dental health program to thousands of students in the Monmouth and Middlesex county school systems each year. He currently resides in Manalapan, NJ with his wife Karen, and in his free time enjoys gardening, photography, researching new technologies and spending time with his children.

John McDonough

John G. McDonough was born in Kearny, New Jersey. He received both his Bachelor's Degree and Doctorate in Dentistry from Fairleigh Dickenson University in New Jersey.

John started in private dental practice in 1975 and shortly after moved to Edison. John and his wife Kathie have enjoyed watching their three boys John, Danny and Ray grow up in this community. They are now blessed to have two grandchildren living right around the corner from them.

John has been at his present location on Bridge Street in Metuchen since 1998. Since the mid 1970s John McDonough has had active membership in the Middlesex County Dental Society as well as the New Jersey Dental Association and a Fellow in the NJ Academy of General Dentistry. John has also been a long time member of the 3rd Millennium Study group.

John has had a long relationship with JFK Health System. To date he has held many prominent positions including: Chairman of JFK Medical Center Foundation, JFK Health System Board of Directors Member and Member of JFK Medical / Dental Staff Executive Committee to name a few.

Throughout his busy career John has found time for other activities too. John always tries to fit in a few rounds of golf whenever he and Kathie travel. He can often be seen on the golf course at Metuchen Country Club where he is a member. He looks forward to his mid-winter break in Mexico annually. Always looking for fun ways to stay fit and share a laugh John and Kathie have recently started dance lessons. Most people tend to slow down at this point in their life.

John and Kathie are not your typical empty-nesters they just completed work on their new shore house after Super storm Sandy saw fit to destroy their original home.

MCDS Induction of New Life Members

Jayant Patel

Jayant P. Patel was born in 1950 in Gujarat, India. He graduated from Government Dental College and Hospital Ahmedabad, India in 1972 and started to practice dentistry in India. In 1974 he came to America and opened up his first private practice in Brooklyn, New York in 1977 - 2005. He also attended New York University, School of Dentistry. He opened another office in South Plainfield, New Jersey in 1995 and is still working there with his daughter and son-in-law. Dr. Patel currently lives in Edison, New Jersey with his wife Pragna Patel. He has two children, Ashish and Shruti, and a beautiful granddaughter Reva Luna.

Steven Resnick

Dr. Steven Resnick graduated from New York University College of Dentistry. For his superior achievements, he was elected to Omicron Kappa Upsilon, the National Dental Honor Society, and was presented with the Mosby Scholarship Award. He completed an intensive general practice residency program at Goldwater Memorial Hospital in New York City. In addition to his residency, Dr. Resnick trained in oral surgery at Bellevue Hospital in New York City and in pediatric dentistry at the Rose Kennedy Center for Exceptional Children in the Bronx.

Dr. Resnick is an Associate Clinical Professor at the New York University College of Dentistry in the Department of Cariology and Comprehensive Care. He serves as a Group Practice Director within that department and is a founder of the New York University College of Dentistry Program For Survivors of Torture, a program that provides comprehensive dental services for patients from all over the world who have been tortured by their governments and have come to America to seek political asylum.

Dr. Resnick has presented his successful concepts in dental education for the past four years at the annual meeting of the American Dental Educators Association (ADEA). He has published articles on esthetic onlays and is currently researching tooth whitening systems and shade matching devices. Dr. Resnick is a product evaluator and consultant to major dental manufacturing companies in the fields of restorative and cosmetic dentistry and periodontics.

For his advanced work in the field of root canal therapy, Dr. Resnick has been awarded the status of Fellowship in the American Endodontic Society. He is a Founding Member and a Fellowship Member of the International Dental Health Foundation, and has also served as its Chairman of the Board. Dr. Resnick has lectured nationally about the non-surgical treatment of gum disease, and his written explanations of the causes and available treatments for these diseases are found in dental offices across the country.

Dr. Resnick is also a member of the American Academy of Cosmetic Dentistry and has served on its Board of Directors. He is a Founding Member of the Association for Contemporary Dental Education and presently serves on its continuing education committee. He is also a Certified Clinical Researcher for the PEARL Network, a collaboration of academic researchers and experienced clinicians who have teamed together to gather data and uncover scientific truths pertaining to many of the current controversies in dentistry.

Dr. Resnick and his wife Sherrie have three children, A.J., Alison, and Jillian and are the proud grandparents of Sadie Rose and Charlotte Pearl.

“Contemporary and Classic Restorative Materials: Achieving Predictable Clinical Success”

Open to Doctors and Staff — Wednesday, April 20, 2016

7:30am - 8:30am Registration and Full Breakfast (Sponsored by Dentsply Caulk)

8:30am - 10:45am Lecture

10:45am - 11:30am Coffee Break (Sponsored by Dentsply Caulk)

11:30am - 2:00pm Lecture

Dr. Alan A. Boghosian is a Clinical Associate Professor in the Department of Otolaryngology-Head and Neck Surgery, Division of Dentistry at Northwestern University's Feinberg School of Medicine where he coordinates laboratory and clinical research investigations. Dr. Boghosian maintains a private practice in downtown Chicago devoted primarily to restorative dentistry. He has authored numerous publications and has lectured internationally on the subjects of dental materials and restorative procedures. Dr. Boghosian is a member of the International Association of Dental Research and a Fellow in the American College of Dentists and Academy of Dental Materials. He formerly was chairman of the working group on materials, instruments and equipment of the Council on Scientific Affairs of the American Dental Association and currently serves as a consultant to the council.

New materials and techniques are introduced on a daily basis. Many restorative materials exist today that were not deemed possible a decade ago as a result of new discoveries. However, the clinical performances of some contemporary materials offered today are not as efficacious as those released 10 years ago. This presentation will compare the advantages and benefits of proven classic materials and techniques to that of the latest products. The morning session will review a variety of the materials and techniques used in fixed prosthodontic procedures. Adhesion and composite restorative dentistry will be the focus of the afternoon program. Amongst the topics to be presented are:

- Restoration of the endodontically treated tooth
- Latest improvements in impression materials
- Review of adhesive systems which include laboratory and clinical trial results
- Physical properties relating to the clinical usage of impression materials
- Altering the surface characteristics to achieve consistent perfect impressions
- Optimal methods for finishing and polishing composite materials
- Adhesive systems and adhesive restorable materials
- Predictable pre-impression soft tissue management
