## President's Message ... Devang Modi

What a memorable evening it was, Tuesday, October 18th as we said farewell to Marlene Glickman, our Executive Secretary. Marlene admirably served MCDS for over 15 years. She always greeted members and guests with a warm smile and her polite and sincere demeanor was noticed by all. Marlene introduced us to her poetry and it was only fitting that Dr. Richard Kahn thanked her through a poem. It was a special evening for a special person. Marlene, “THANK YOU” once again for your time and dedication to Middlesex County Dental Society.

Ironically, a change of season is upon us. Not just in real life but also at MCDS. As the leaves begin to change color and the weather begins to get cooler, we at MCDS are looking forward to making our organization even stronger. Stephanie Dowling, understands her role and responsibility as

## GENERAL MEETING – Tuesday, November 15, 2016

THE PINES Route 27 • Edison, NJ

Registration.....	6:00
Business Meeting and hors d'oeuvres.....	6:30
Speaker.....	7:00

### Featured Speaker: Dr. Jeffrey Mannheimer

“Overlooked Causative And Perpetuating Factors Relative To Headache, Orofacial And Temporomandibular Pain/Dysfunction Syndromes With Therapeutic Implications”

Dr. Mannheimer received a BS degree in Biology from Bradley University, MA degree and Certificate in Physical Therapy from New York University and a Ph.D in Health Science from Seton Hall University. He has 50 years of clinical experience in the evaluation and treatment of patients with neuro-musculoskeletal pain/dysfunction syndromes. His clinical interests, teaching, publications and specialization over the past 30 years have been strictly limited to the evaluation and treatment of cervical spine disorders, cervicogenic headaches, temporomandibular disorders and orofacial pain (CSD, CGH, TMD & OFP) respectively. He is a Certified Cervical and Temporomandibular Therapist (CCTT) by the Physical Therapy Board of Craniofacial and Cervical Therapeutics (PTBCCT) and also Certified in Orofacial Dry Needling (CODN) by Myopain seminars. In addition to private clinical practice, Dr. Mannheimer is currently an Adjunct Clinical Professor in the Department of Regenerative and Rehabilitation Medicine (Program in Physical Therapy) at Columbia University.

Does Your Patient Really Have a Temporomandibular Disorder (TMD)?

Based upon my clinical experience of 50 years it is very apparent that physicians, dentists and physical therapists,

## MCDS Board of Trustees Report

10/11/16

**Attendance:** Drs. Devang Modi, Sanjeev Satwah, Antoinette Tauk, Constantine Simos, Nima Mir-Madjlessi, Peter DeSciscio and Stephanie Dowling.

**Acceptance of 9/13/16 Meeting Minutes**-vote unanimous

**President's Report** – Dr. Devang Modi

A special “thank you” to Drs. Vitale, Kahn, DeSciscio, Silverstein and Satwah for attending the Business to Business Breakfast with our NJDA Endorsed Business Associates on 10/5/16 with me. It was very informative, excellent networking and MCDS was the best represented component.

**Treasurer's Report** – Dr. Sanjeev Satwah

See report on page 3.

**NJDA Trustee's Report** – Dr. Peter DeSciscio

A motion was made and passed to cap a \$35,000 budget for the architectural portion of all plans to renovate the NJDA Headquarters. The Budget Hearing Committee met prior to the Board meeting. A motion was made and passed to accept the recommendations of the Budget Hearing Committee and to approve the proposed 2017 budget as amended, recommending its passage at the November House of Delegates Meeting. CDT 2017 was released on 10/1/16 and there are 11 additions, 5 revisions and 1 deleted code. There will be a Monthly News Brief developed in addition to the Monday morning alerts. Officer visitations to components have begun. Mitchell Weiner thanked Art Meisel, Drs. DiVincenzo and Rossi for all the work that was done with the auditors.

**Executive Secretary Report** – Stephanie Dowling

Stephanie has agreed to use her home address for transfer of the existing MCDS phone number.

**NJDA Council Reports:**

**Annual Session** – Dr. Nainesh Desai

The 2017 Garden State Dental Conference and Expo will be held at the Newark Marriott from 5/5-5/6/17. The meeting will be a full day event on Friday and 8AM-2PM on Saturday. Parking for this event will be complimentary courtesy of NJDA's endorsed business associate, Bank of America. Most premium booths have been sold and a complete sell out is expected by 12/1/16. Registration will be open on 1/1/17. The main speakers for the event are Dr. Steven Chu and Dr. Charles Blair. Dr. Chu will be presenting on two different topics on Friday and Dr. Charles Blair will be discussing coding errors. Many other topics related to clinical dentistry and business will be presented. For dental students, an ADA success program titled “Finding a Job Program for Dental Students” will be held on Friday evening. Multiple free hour long CE courses will be available throughout the day by new and emergent speakers. The meeting of the House of Delegates has been moved back to the annual session and will be held on Saturday from 2-4 PM. The council voted and approved, Oz Pearlman, an entertainer/illusionist for a two hour event on Friday night. There will be more details coming soon. This year we are partnering with NJ's Oral Health Coalition on 5/5 from 8:30-12PM (\$75 charge for this event). This is likely to significantly improve the registration and attendance for the meeting. There is a possibility that in 2018 we will have the conference back at the shore. There was discussion about a potential site, the Berkeley Oceanfront Hotel in Asbury Park, NJ. A few council and board members will visit the site along with the staff of the NJDA to determine if it is a viable location. The next council meeting will be on 11/17/16.

**Dental Benefits** – Dr. Devang Modi, Dr. Antoinette Tauk

our new Executive Secretary and is doing a magnificent job. Several new members have joined our component and we wish to continue that trend. Our Corporate Sponsors fill up the room and are getting valuable face-time. All of this cannot be possible without an awesome MCDS board and support from all of you.

In the upcoming months, I wish to hear from you. What can MCDS do for you? Or what can we do better? I want to continue to have record attendance at every meeting and cater to your needs. From something as subtle as room temperature, to a request in hors'd'overs, to future lecture topics, all suggestions are welcomed. We have already begun to implement some of these ideas as several of you noticed. Thank you for your valuable feedback.

As we head into the last lecture for 2016, I want you to reflect back on this year. Both, personally and professionally. Think of the people and events that have impacted your life. Appreciate life and those around you including your friends at MCDS. As busy as you might be, take the time to love your family and laugh loudly. Join me on November 15th for some “laughter therapy.” Dr. Jeffrey Mannheimer will also be speaking on the topic of “Overlooked Causative And Perpetuating Factors Relative To Headache, Orofacial And Temporomandibular Pain/Dysfunction Syndromes With Therapeutic Implications.” Wow, that's a mouthful. Let me know on Tuesday if you read this to the end.

**Vote taken outside the  
Board Meeting**

The Board voted to approve the 2017 Proposed Budget via the MCDS Google Group.

**General Membership  
Meeting Business**

The 2017 Proposed Budget was presented to the General Membership and the floor was opened for discussion. There being none, the budget will be voted upon at the next general meeting in November.

**MCDS Board of Trustees Report**

Continued from page 2

The council met on 9/7/16. Delta has new coordination of benefit guidelines. There are limits on root canals and policy provisions. Carriers are not covering post and cores unless a crown is also provided. The carriers are trying to dictate treatment. We recommend members negotiate with carriers and adjust fees for Premier coverage. Members need to document necessity of treatment rendered. MetLife effective date of 9/15/16 to comply with EFT (Electronic Fund Transfer). Aetna's date is 10/1/16. Letters to members did not offer another option but to apply for EFT. This is cost effective for the insurance company but members can continue to be paid by check if they do not register. Aetna's disagreement with the "Law of Restitution" is such that if members do not participate with Aetna, they are not obligated to return the overpayment. The NJDA is filing suit against Aetna. Complaints about United Concordia regarding the processing of periapical radiographs should go the DOBI. United Concordia is not upholding their part of the contract whether the dentist is participating or not. The next council meeting is scheduled for 11/9/16.

**Membership** – Dr. Nima Mir-Madjlessi and Dr. Genevieve Fernandes

A meeting was held on 9/26/16. NJDA needs the components to develop a protocol for handling waivers – NJDA feels that the components should make these decisions. The full time faculty member 50% reduction in NJDA and Component dues only was tabled due to poor attendance. The components need to develop their own new member protocol. The council wants to focus on increasing retention rate for first year out of dental school/residency program members. The council also decided to propose to the NJDA Board of Trustees that all members who have a faculty position in any capacity be recognized by the NJDA and get access to the Monday morning email blasts. This proposal passed. Mr. Breen updated the Council on adding videos to our website. He requested a budget of \$5,000 for 2017 which will include software, staff training and consulting fees. A lunch and learn for faculty is being planned for October. Mr. Jim Schultz is also scheduling a lunch to speak with the students on governmental issues. The council discussed inviting a full time faculty member to join the Council. Mr. Breen will email the Dean to ask for her recommendation. New Business: Retention Phone Calls-the Council was provided with updated 2016 non-renew lists. Staff will continuously provide the Council with updated lists. Standard Process/Best Practices for components when dealing with new members or interested non-members-NJDA staff will send components guidelines on how to communicate with new members and non-members. Goal to increase retention rate for first year out of dental school/residency program members- Mr. Breen discussed this group which contains 131 dentists. The council was asked to bring back ideas on how to retain these members. Staff members will send each component their list of names. Also discussed was to send this group their 2017 invoices with a payment plan breakdown printed on the invoice. Career Resources-Mr. Breen discussed partnering with Boxwood, a career solutions company, to create a new Employment Program for our members. He will get more information and discuss this at the next meeting. The next Council meeting is scheduled for 11/14/16.

**New Dentists** – Dr. Sanjeev Satwah

The national New Dentist Conference will be held from 10/20-10/22/16 in Denver in conjunction with the ADA meeting. Dr. Satwah will be attending the meeting and representing the NJDA as the committee chair.

**Peer Review** – Dr. Sandy Goldstein

No new cases assigned nor mediated last month.

**Committee Reports:**

Continued on page 4

**MCDS Study Club** – Dr. Nima Mir-Madjlessi, Dr. Genevieve Fernandes

On 9/21/16 Minal Sampat gave a presentation entitled “Content and Social Media Marketing for Dentists.” This presentation encompassed numerous gems for different aspects of social media utilization and marketing. There were about 10 members in attendance. Our next course will be offered on 10/26/16 by Dr. Nainesh Desai entitled “Demystifying Immediate Full-Arch Implant Therapy.” The registration form is available on our website. Please take advantage of this member benefit and invite your friends and colleagues from other components.

Respectfully Submitted, Dr. Antoinette Tauk, Secretary

**Dr. Jeffrey Mannheimer, course synopsis, continued from page 1**

who treat patients with persistent pain and dysfunction do not take the time to perform a thorough evaluation and consider causative and/or perpetuating factors that may have been overlooked in the acute stage, which lead to chronicity. It is critical for the medical professional to take the time to obtain a chronological history, ask what has not been questioned and examine what has not been observed, palpated, mobilized, provoked or properly imaged. In order to highlight these factors this presentation will provide an overview of the knowledge and clinical expertise required to understand the anatomy and pathophysiology of the sub-occipital spine, cranium and temporomandibular complex in regards to cervical spine disorders (CSD), cervicogenic headaches (CGH) orofacial pain (OFP) and temporomandibular disorders (TMD), which commonly present as an intertwined complex. Various etiological factors and associated symptomatology will be analyzed with emphasis placed upon the performance of a comprehensive evaluation and initiation of definitive therapeutic paradigms, highlighted by a few case examples. The therapeutic outcome in this complex field is often enhanced by a professional relationship between the dentist and a knowledgeable physical therapist.

**A Message from Marlene Glickman, our former Executive Secretary**

I want to take this opportunity to thank everyone who was involved in arranging the special night when I was honored at the October General Meeting for serving as your MCDS Executive Secretary for the past fifteen years.

You all made me feel so special and I will keep those memories with me forever. I will miss working with the dedicated executive board and I will also miss seeing all you who attended the general meetings throughout the years. I know that MCDS will continue to thrive because of all of the dentists who work so hard to keep the membership informed through educational courses, meetings and clubs year after year. Thank you from the bottom of my heart!

Please see the poem that I read at the General Meeting on page 8.

All the best, Marlene

Your patients count  
on you to keep  
them healthy.

MCDS President Dr. Devang Modi welcomes our most recent New Members.

[www.njda.org](http://www.njda.org)

## News Brief

### October 2016

**Emergency Protocols** - A new regulation adopted by the NJ State Board of Dentistry, requiring dental facilities to have emergency protocols including staff training, went into effect in July. The NJDA has developed a sample protocol which includes staff assignments, that can be downloaded from the NJDA website, [www.njda.org](http://www.njda.org). The protocol can be found in the Member Center tab, under Resources.

**CDT 2017** - The new CDT was released on October 1. The changes, additions and revisions do not take effect until January 1, 2017. Brief, explanatory notes on the new codes are on the NJDA website, in the Member Center tab, under Resources. The new CDT has 11 additions, 5 revisions and 1 deleted code.

**MetLife and Aetna Change Reimbursement Process** - In recent mailings to dentists enrolled with MetLife and Aetna, it was announced that future provider payment will be handled through Electronic Funds Transfer (EFT) and Virtual Credit Card (VCC). *Enroll Hub*, a CAQH program, allows you to register for electronic funds transfer once, for all insurance providers with which you participate. Visit: <https://solutions.caqh.org>. ADA News (10/3) reported that dentists can opt out of MetLife EFT reimbursement if they do not have the technology available to take advantage of it.

**Section 1557 of the Affordable Care Act & the Federal Office for Civil Rights** - Covered healthcare entities, including dental practices, that receive federal financial assistance including Medicaid, must comply by posting non-discrimination notices in their offices, on their websites and in other significant communications. Section 1557 includes providing patients with Limited English Proficiency (LEP) information on translation services, in the 15 most common languages spoken in NJ. NJDA has compiled a document containing "taglines" in those languages. This information can be found on the NJDA website in the Member Center under Resources.

**Updated Federal Labor Law Posters** - Two labor posters were updated and were required to be posted effective August 1. Copies of the posters may be obtained by phoning NJDA at 732-821-9400. Speak to Lorraine Sedor or AnnMarie Varga. Free posters can be mailed or emailed.

**Build Your Team to Build Your Practice** - October 18, 6 to 8:30 PM, \$25 per person. Sponsored by Bank of America and hosted by AXA Advisors (Woodbridge), this workshop will help you put together a team of professionals to purchase real estate, and design and build your office. The workshop will include an architect, builder, CPA and other essential professionals you need to build your practice. Register at [www.njda.org](http://www.njda.org) by clicking on the Build Your Team slide on the home page. Questions? Phone Maureen Barlow at 732-821-9400.

This information was previously sent via email to NJDA members in Monday Alerts. To receive weekly NJDA alerts, contact [avarga@njda.org](mailto:avarga@njda.org).

## NJDA News Brief

### Continued

Stay connected with us!

 New Jersey Dental Association

 @NJDentAssoc

 @NJDentAssoc

 New Jersey Dental Association

Follow us on the platforms listed above for NJDA updates.

**Give Kids A Smile Registration Open** - GKAS day is Friday, February 3, 2017! Participating offices that register by November 7 will be entered into a supply lottery and included in all NJ marketing. In addition, you'll receive a marketing kit to help you fill your dental chairs on GKAS day! Questions about Give Kids A Smile? Phone Maureen Barlow or Sam Bove at NJDA, 732-821-9400. To register, visit [www.njda.org](http://www.njda.org) and click on the GKAS slide on the home page.

**NJDA Council on Governmental & Public Affairs (COGPA) Subcommittee on Opioid Abuse** - This subcommittee has been tasked to draft guidelines on patient communications and prescribing opioid pain medications in the dental practice. COGPA chairperson, Dr. Elisa Velazquez, named Drs. Mitchell Weiner, Gregory LaMorte, Kevin Corry and president-elect Mark Vitale to the subcommittee. In addition to developing guidelines, the subcommittee will communicate with the membership, the public and organizations such as the Partnership for a Drug Free NJ. Questions? Contact Jim Schulz at [jschulz@njda.org](mailto:jschulz@njda.org).

**Dentists Do No Harm** - A Prescription-Drug-Abuse Symposium | November 3, 6:30 - 9:30 PM | Monmouth Medical Center. This free program focuses on safe prescribing and developing solutions to prevent opiate abuse. Sponsored by NJDA, Partnership for a Drug Free NJ, NJ Academy of Pediatric Dentists and other agencies. Be part of the solution to the state's opiate epidemic. Learn how to safely prescribe and speak to your patients about alternatives to opioids. Visit [www.njda.org](http://www.njda.org) and click on the Do No Harm slide on the home page.

**The Coding Conundrum** - In addition to explaining the recent changes in CDT 2017, NJDA is here to help you with other vexing questions, like *Why was my patient's reimbursement denied?* NJDA's Dr. Joan Monaco explains that the **Coordination of Benefits clause** in an insurance provider's contract may result in an EOB (Explanation of Benefits) that states a procedure was not covered due to "duplication of benefits." When a patient has primary *and* secondary coverage, this does not necessarily translate into 100% coverage of a procedure. Secondary coverage is plan-specific, meaning that a carrier *may* have a clause that states if a primary provider paid a benefit to a patient, that secondary carrier will not cover the remainder of the bill. Or, the plan may only pay a portion of the remainder. If you think an EOB is incorrect, NJDA may be able to help resolve the issue. Phone Joan Monaco at 732-821-9400.

**Limited Time Offer - 1.89% Financing Offer from Bank of America** - Financing to Acquire a Practice | Up to 100% financing for practice purchases | Terms up to 15 years | Promotional period through December 31, 2016 | Applications must be submitted by December 31, 2016 and close by March 31, 2017 | **1.89% for the first three years when you select one of three eligible loan offer options** | To apply, call 800-360-0669 or your Practice Solutions specialist.

---

# *MCDS Executive Secretary*

*I am a poet, a painter and a teacher, but I never thought I would be,  
The Executive Secretary for Middlesex County Dental Society.  
I have served in this position for the past 15 years and so,  
Upon my retirement I'd like to share some thoughts before I go.*

*It all started back in the year 2000 under the leadership of Dr. Bloom,  
Taking notes at our executive meeting in the NJDA board room.  
Each year there was a new president who appeared on the scene,  
Drs. DeSciscio, Huberman, Villa, Weiner, Lawson, Silverstein, Courey, Vitale,  
Galkin, Prabhu, Ashmen, Stein, Desai, and Bernstein.*

*My position grew from taking notes to many other responsibilities,  
I worked with many people to accomplish all of these.  
The third Tuesday of most months were meetings I would attend,  
With sign-in sheets and CE forms, which were given out at the end.*

*I ordered name badges that were worn at meetings on Tuesday night,  
Created raffle cards to be stamped by the vendors with a \$50 Visa card in site.  
I sat through many bloody videos trying to enjoy my meal,  
I guess to all the dentists there, these videos were no big deal!*

*I collected registrations for all of the courses and attended them, too,  
Attending early morning meetings was not my favorite thing to do.  
The Hygiene Study Club and the MCDS Study Club I helped facilitate,  
The many special clubs that MCDS provides are really great.*

*There's the Dental Shadowing Program, where Rutgers students can see,  
After shadowing a dentist, will they pursue a career in dentistry?  
Thanks to all of the wonderful dentists who lend a hand,  
For they enable these interested students to observe and understand.*

*I have enjoyed serving as your Executive Secretary for MCDS,  
And I know that under the leadership of Dr. Modi, this component  
will continue to achieve great success.*

*I admire your dedication and commitment to your chosen career,  
And I wish you all good health, wealth and prosperity year after year!*

# Introducing the **3i T3 IMPLANT**™

## Preservation By Design®

- Contemporary hybrid surface design with a multi-level surface topography
- Integrated platform switching with as little as 0.37mm of bone recession\*<sup>1</sup>
- Designed to reduce microleakage through exacting interface tolerances and maximized clamping forces

For more information, please contact your local BIOMET 3i Sales Representative today!  
In the USA: 1-888-800-8045, Outside the USA: +1-561-776-6700  
Or visit us online at [www.biomet3i.com](http://www.biomet3i.com)

1. Östman PO<sup>1</sup>, Wennerberg A, Albrektsson T. Immediate Occlusal Loading Of NanoTite™ PREVAIL® Implants: A Prospective 1-Year Clinical And Radiographic Study. Clin Implant Dent Relat Res. 2010 Mar;12(1):39-47. n = 102.

<sup>1</sup>Dr. Östman has a financial relationship with BIOMET 3i LLC resulting from speaking engagements, consulting engagements and other retained services.

Reference 1 discusses BIOMET 3i PREVAIL Implants with an integrated platform switching design, which is also incorporated into the 3i T3® Implant.

\*0.37mm bone recession not typical of all cases.

For additional product information, including indications, contraindications, warnings, precautions, and potential adverse effects, see the product package insert and the BIOMET 3i Website.
